OUR STORY

SignPrint has become Curo.

After 40 years of supplying the hire industry with equipment branding, SignPrint has rebranded to Curo Brand Application, and focuses specifically on assisting hire branches achieve their marking products fast.

"Your brand, our responsibility"

This embodies our culture of taking responsibility for our client's brand. We strive for standardisation in brand application. Wherever your equipment is across the world, it should be on-brand and compliant.

BrandBase

The Curo online ordering system - making it easier to order.

Companies nationally use our BrandBase platform to eliminate misaligned branding, wrong placement and rogue stickers. We are all about reducing costs and driving efficiency.

ZONE CHART

| ZONE 1	ZONE 2	ZONE 3
Tasmania	Adelaide, Albany, Brisbane*, Canberra, Coffs Harbour, Esperance, Melbourne, New Zealand, Perth*, Sydney.	Alice Springs, Broken Hill, Broome, Cairns, Carnarvon, Ceduna, Cook, Darwin, Dubbo, Geraldton, Kalgoorlie, Mackay, Mount Isa, Newman, Port Augusta, Port Headland, Telfer, Townsville.

A line-dissecting map illustration of Australia indicates all areas 100km north of Perth and Brisbane.

All locations (mentioned in zones 1 and 2) when installed above altitudes of 1000 metres or in a static north-facing aspect.

TAPES

Tapes

We provide high-quality reflective, anti-slip, and marking tapes designed to enhance safety and organisation. Our reflective tapes improve visibility in low-light conditions, our anti-slip tapes reduce slip risks, and our marking tapes clearly designate areas and pathways. Ensure a safer, more organised environment with our expert products.

CLASS 1 REFLECTIVE ADHESIVE TAPE FLUORESCENT YELLOW

CODE	DESCRIPTION	MATERIAL	SIZE
17780	Reflective Fluorescent Yellow Adhesive Tape	Class 1X Reflective - Complies with AS1906.1	45,700mm x 25mm

VEHICLE BRANDING
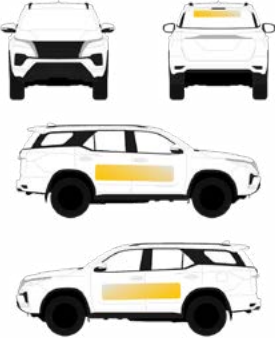

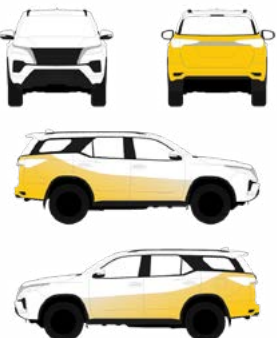

Custom Vehicle Signage

Curo offers a range of vehicle wrap options to meet your business branding requirements. Whether you need full wraps, partial wraps, or logo and lettering applications, our team can deliver comprehensive signage packages. Our brand application services ensure consistent and professional branding across all fleet vehicles, spanning various branches and locations.

Consider our vinyl wrap services if you want to turn your vehicle into a mobile billboard. Vinyl wraps enhance brand awareness without the high costs of traditional billboards and also protect and resist abrasion for your vehicle's paint.

All graphics are printed in-house using our high-quality digital printers. Our qualified staff utilises specialist tools to ensure a flawless vehicle wrap. Not sure what you need? Our talented design team can create and present concepts that align with your brand guidelines. Here is a list of our vehicle wrap options.

SMALL TO MEDIUM SIZED VEHICLE

PLASTIC HOSE TAGS

Our orange plastic hose tags, available in boxes of 250, provide a durable solution for labeling and marking your equipment hoses, ensuring safety and easy identification.

Features:

✓ **High Visibility:** Bright orange color ensures easy identification in busy or low-light environments.

✓ **Durable Material:** Made from strong, flexible plastic that withstands bending and handling without breaking.

✓ **Weather Resistant:** Designed to endure harsh weather conditions, perfect for indoor and outdoor use.

✓ **Easy Attachment:** Simple installation with holes or slots for zip ties, wires, or other fasteners.

✓ **Versatile Application:** Suitable for labeling hoses, pipes, cables, and other equipment.

✓ **Customisable:** Options to add specific text, numbers, or logos for better organisation and brand application.

✓ **Temperature Resistant:** Withstands a wide range of temperatures, maintaining integrity in extreme conditions.

✓ **Compliance Ready:** Meets industry standards for safety and labeling, supporting regulatory compliance.

CONTACT OUR TEAM TO ORDER A BOX FOR YOUR BUSINESS.

SALES@CURO.AU

At Curo Brand Application, our certification and ID stickers, as well as name plates, ensure compliance and safety. Designed for durability, they provide clear identification for your equipment and assets, even in harsh environments. Customisable and reliable, our products meet regulatory requirements and enhance operational efficiency.

CUSTOM TRAFFOLYTE
LABELS & TAGS

Crafted with precision, our **1.6mm Traffolyte safety labels** are laser engraved and cut to perfection. Featuring a robust two-layer design, these labels offer exceptional durability and scratch resistance, ensuring your safety messages remain clear and legible in even the most demanding environments. Perfect for industrial applications, these labels provide reliable, long-lasting identification, keeping your workplace safe and compliant.

Application:

✓ **Durable & Long-Lasting:** Designed for tough, long-term use.

✓ **Outdoor Ready:** Resists harsh weather conditions.

✓ **Industrial Use:** Ideal for machinery and control panels.

✓ **Electrical Industry:** Perfect for labeling electrical components.

✓ **Safety & Inspection:** Ensures clear and reliable markings.

✓ **Identification:** Effective for tagging equipment and assets.

BUS / TRUCK
MARKINGS

BUS / TRUCK MARKINGS

Introducing new pictorial-length signage requirements for road trains over 22 meters long. This innovative measure, announced by the WA State Government and Main Roads Australia, is designed to enhance road safety by providing safer and more visual communication to other road users assisting in decision making about overtaking.

WA transport industry will have six months from July 1, 2024, to comply with the new regulatory signs. Interstate heavy vehicle operators travelling into WA will not face penalties under the new regulations, as existing warning signage will still be recognised and accepted.

INTRODUCING

Armour Label

The Strongest Label Solution on the Market
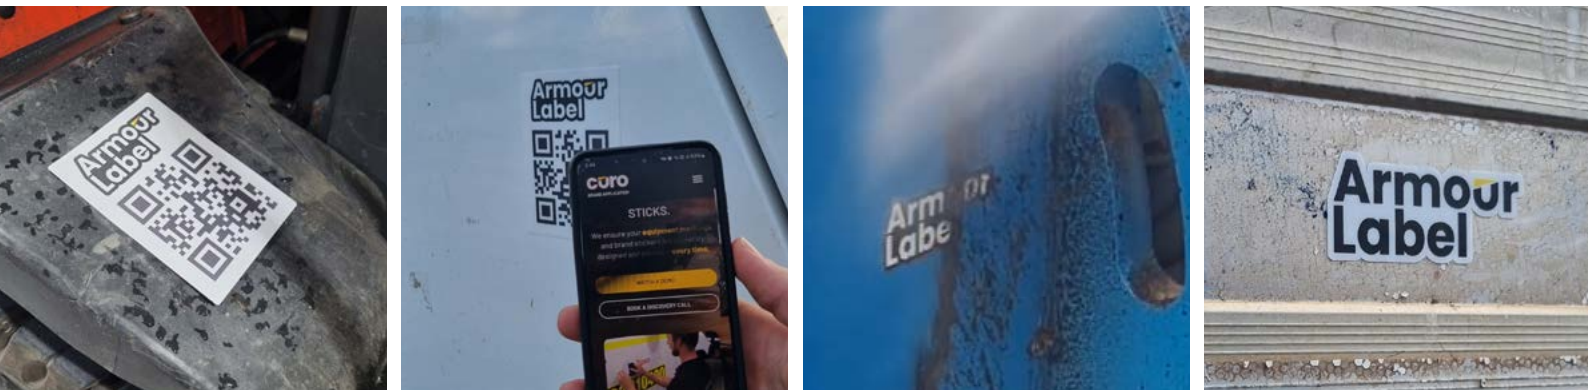

Super Hightac Adhesive

Our Armour Labels feature a back layer with exceptionally durable super hightac adhesive. Engineered to adhere effortlessly to most surfaces, this adhesive ensures the labels remain securely in place even in the harshest environments. Whether applied to metal, plastic, or other challenging surfaces, Curo's Armour Labels are designed to stay put, providing reliable identification and branding where you need it most.

Custom Artwork & Branding

The middle layer of our Armour Labels showcases your custom artwork, branded designs, barcodes, or asset IDs information. This layer is fully customisable, allowing you to tailor the labels to your specific requirements. Whether you need detailed logos, clear barcodes, or unique asset identifiers, our labels provide the perfect canvas for your branding needs. This flexibility ensures that your labels are not only functional but also a vital part of your brand's visual identity.

Protective Armour Surface

The top layer is the hallmark of our Armour Labels, providing unparalleled protection for your custom artwork. This durable surface is designed to withstand scratches, scuffs, fuel, dirt, and water, ensuring your labels remain intact and legible over time. Cut to any size and shape, the top layer of our Armour Labels can fit any specific area, offering robust protection and longevity in the most demanding environments. With Curo's Armour Labels, your branding stays pristine and your assets remain clearly identifiable.
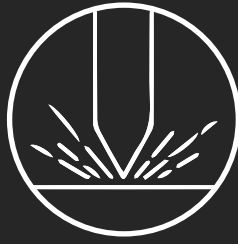

FEATURES

DURABILITY

Armour label is highly durable, waterproof and weather resistant, standing up to even the toughest of conditions.

RESISTANCE

Armour Label is engineered to withstand the toughest conditions with its scratch-resistant surface, making it a reliable choice for outdoor activities.

STRENGTH

The exceptional adhesive strength of this product ensures maximum hold onto surfaces that are hard to apply

SMART

Printing technology allows you to include various types of barcodes and numbering on your branded materials.

PRODUCT OVERVIEW

Armour Labels offer durable and versatile label solutions for the hire industry. You can customise them with any design or barcode tailored to your specific needs. Our labels are engineered to withstand the most challenging conditions and provide a long lifespan, ensuring reliable performance throughout your assets' lifecycle. Trust Armour Labels to outlast any other label.

ARMOUR LABEL

OUR RANGE OF BRANDBASE
PRODUCT CATEGORIES

At Curo, we have moved beyond our role as a mere sticker supplier. By actively listening to our clients and comprehending their requirements, we have broadened our range of standard stock items and now keep an inventory of their branded products. This guarantees the most efficient delivery method for our Brandbase clients. Our wide array of products and services includes, but is not restricted to, the following:

|		
EQUIPMENT BRANDING	BRANCH & DEPOT SIGNAGE	SAFETY
NAME PLATES	SERVICE	STATIONERY
TAPES	TEST & TAG	VEHICLE SIGNAGE

In addition to our extensive product range, we produce essential compliance items such as tags, log books, warning decals, and signage. These products ensure that your operations remain safe, compliant, and efficiently managed, solidifying Curo as your comprehensive partner in branding and compliance solutions.
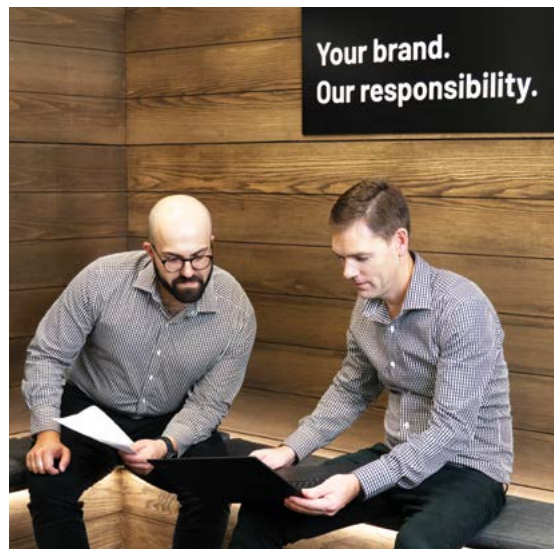

OUR
PROMISE

YOUR BRAND, OUR RESPONSIBILITY

We take care of brand application and hold ourselves accountable for the final result. We are here to get it right because we care about our client's brand. We believe by taking responsibility we can strengthen brands and strengthen relationships with our clients.
